1. Identity, Legal Status & History

CSVTU is the Chhattisgarh Swami Vivekanand Technical University, a state government technical university headquartered at Newai, P.O. Newai, District Durg, Chhattisgarh, PIN 491107. The university describes itself as serving technical education in engineering and technology and related areas.

According to the university's official history, it was established by the Chhattisgarh State Legislature under Act No. 25 of 2004. The university's establishment notification is dated 21 January 2005. Its official overview says the university was inaugurated on 30 April 2005 by the then Prime Minister of India, Dr. Manmohan Singh.

The university's legal framework has subsequently been amended. An official copy of the Chhattisgarh Swami Vivekanand Technical University (Amendment) Act, 2014 identifies the original Act as Act No. 25 of 2004.

What this means: CSVTU is not a private university. It is a state-established technical university whose academic and examination systems support its own teaching departments and affiliated institutions.

2. Campus, Location & Official Contact

The current official contact page lists the university at Newai, P.O.-Newai, District-Durg, Chhattisgarh, PIN-491107. The official overview states that the permanent campus is spread across approximately 250 acres in the vicinity of Bhilai.

Item	Officially listed information
Address	Newai, P.O.-Newai, District-Durg, Chhattisgarh, PIN-491107
Main telephone	+91-788-2200062
Exam helpline	+91-788-2445035
Registrar	+91-788-2445009 / registrar@csvtu.ac.in
Exam Controller	+91-788-2445004
Result-related issues	+91-788-2445004 / result@csvtu.ac.in
Degree/Diploma certificate	+91-788-2445030 / degree@csvtu.ac.in
Marksheet issues	+91-788-2445028 / marksheet@csvtu.ac.in
Student Query & Resolution Cell	+91-788-2445028 / sqrc@csvtu.ac.in
Document verification	verification@csvtu.ac.in
General working hours	10:30 AM – 5:30 PM

Important location note: CSVTU also has references to an older Bhilai campus at North Park Avenue, Sector 8. The current official contact information points to the Newai campus as the university address. Therefore, for current administrative work, students should verify the destination from the latest official notice before visiting.

3. Academic Role & What CSVTU Does

CSVTU's official material describes its academic scope as including Engineering & Technology, Architecture, Pharmacy, Diploma, Postgraduate and Research programmes. The university also manages academic rules, curricula/schemes, examinations, results and student-facing services.

- Publishes schemes and syllabi for multiple programmes and semesters.
- Conducts/coordinates university examinations and publishes examination notices and results.
- Maintains academic calendars for different programmes and semesters.
- Runs a University Teaching Department (UTD) with its own programmes.
- Affiliates eligible institutions and maintains institutional/course information.
- Provides student services such as grievance handling, anti-ragging information, fee payment, examination timetables and result services.
- Lists external academic and government links including UGC, AICTE, CG DTE, NPTEL, SWAYAM, AIU, DST and CSIR on its official portal.

The official syllabus repository currently contains hundreds of syllabus documents, including B.Tech CSE, CSE (Data Science), CSE (Artificial Intelligence), AI & DS and multiple M.Tech programmes. The repository also contains documents marked effective from 2025-26 and 2026-27 under NEP 2020.

4. University Teaching Department (UTD)

The University Teaching Department is CSVTU's own teaching unit. The current official UTD page lists diploma, B.Tech (Honours), B.Pharm and postgraduate programmes.

Level	Programme	Published seats / note
Diploma	Diploma in Mining Engineering	60 seats
Diploma	Diploma in Fire Safety & Industrial Safety	60 seats
B.Tech (Honours)	Computer Science Engineering (Data Science)	90 seats
B.Tech (Honours)	Computer Science Engineering (Artificial Intelligence)	90 seats
B.Tech (Honours)	Civil Engineering	60 seats
B.Pharm	Bachelor of Pharmacy	60 seats
PG	M.Tech / M.Plan programmes	Multiple programmes; see official page
PG Diploma	Industrial Safety and Fire Safety Management	Official scheme/syllabus listed

The current institute-course listing also shows programme codes for UTD, including B.Tech Honours CSE (AI) code 3127 and B.Tech Honours CSE (Data Science) code 3128.

5. CSE (Data Science) — Specifically Relevant to You

CSVТУ's official syllabus repository explicitly lists “B.Tech in Computer Science & Engineering (Data Science)” and a version described as effective from session 2025-26 under NEP 2020. The UTD programme page separately lists “B.Tech (Honours) in Computer Science Engineering (Data Science)” with 90 seats.

This is useful when filling forms because the official university nomenclature distinguishes between a broad CSE programme and the specific CSE (Data Science) programme. The exact wording printed on a student's university records should be used wherever a form asks for the qualifying degree/discipline.

Official evidence	What it shows
UTD programme page	B.Tech (Honours) in Computer Science Engineering (Data Science), 90 seats
Institute/course listing	B.Tech Honors CSE (Data Science), code 3128
Syllabus repository	B.Tech in Computer Science & Engineering (Data Science)
NEP version	CSE (Data Science) syllabus marked effective from session 2025-26 under NEP 2020

Practical form-filling note: if a third-party portal offers only “CSE” and “Data Science” as separate choices, do not decide from the short labels alone. Match the choice against your official college/university records and the portal's own instructions.

6. Affiliation System

CSVTU functions not only as a teaching university but also as an affiliating technical university. Its official historical Ordinance No. 1 states that first-year courses of specified government and non-government engineering colleges and polytechnics in Chhattisgarh were brought under CSVTU affiliation from 1 July 2005, subject to the exclusions stated in that ordinance.

The university continues to publish affiliation-related inspection documentation. An official CSVTU inspection-report format for 2024-25 includes B.Tech, B.Pharm, M.Tech, M.Pharm, MCA, MBA and Diploma in Engineering and records course intake and accreditation status as part of the affiliation process.

Therefore, “CSVTU student” can refer to two different situations: (1) a student in CSVTU’s own University Teaching Department, or (2) a student in an affiliated college whose degree/examination system is under CSVTU. For any specific student, the college name and institute code are important.

[Official Affiliation Inspection Report format](#)

7. Exams, Results, Syllabus & Academic Calendar

The official portal provides dedicated student services for results, syllabus, grievance, anti-ragging, academic calendar, online fee payment and examination timetable. This makes the CSVTU portal an important primary source for semester and examination information.

As an example of current university activity, CSVTU published an official notice on 17 August 2026 for the Main Result of April-May 2026 examinations for B.Tech 5th & 6th semester (Regular & Backlog).

The current academic-calendar page also lists a B.Tech Semester I, III, V & VII calendar for July-December 2026, showing that the university maintains programme/semester-specific schedules rather than relying on one generic calendar.

Student need	Primary official CSVTU section
Syllabus / scheme	Syllabus Repository
Exam dates	Examination Time Table / Academic Calendar
Results	Results section / result notices
Degree / certificate	Degree / Diploma Certificate contact
Marksheet problem	Marksheet-related contact
Student query	Student Query & Resolution Cell
Academic dates	Academic Calendar

[Official B.Tech result notice, 17 Aug 2026](#)

8. Admissions & Current 2026-27 Information

CSVТУ's official notices currently include admission information for the 2026-27 session. The official notice archive shows a notice for B.Tech (Honours) admission through JOSSA/CSAB for session 2026-27 for the University Teaching Department, as well as notices for PG and PG Diploma admissions.

Admission routes can differ by programme and session. For this reason, the current CSVТУ notice for the exact programme should be treated as the controlling source instead of relying on older admission posts or third-party websites.

The official website also links to CG DTE and other education authorities. For state-level admission processes, students should cross-check the latest CSVТУ notice and the applicable official admission authority notice.

9. How to Verify a CSVTU Claim or Document

For anything important—admission, internship eligibility, degree verification, marksheet, exam date, syllabus, affiliation, or a certificate—use the following verification order:

- 1. Start with the official CSVTU domain: csvtu.ac.in.
- 2. Check the latest notice/date, especially for admissions and examinations.
- 3. Match the programme name, institute code and academic session.
- 4. For degree/marksheet/document verification, use the official verification contact rather than an unofficial agent.
- 5. If a college claims to be affiliated, check the CSVTU institutional/course listing and the relevant affiliation information.
- 6. Keep a PDF/screenshot of the official notice used for your decision, including its date.

CSVTU itself states that results shown on its website are for first-hand information and that the tabulation sheet bearing university seal and signature from the competent authority should be considered genuine for official purposes.

Official verification contact: verification@csvtu.ac.in. The official contact page also lists degree@csvtu.ac.in, marksheet@csvtu.ac.in and sqrc@csvtu.ac.in for relevant student-service queries.
